They also cure headache in a few minutes, and impart animation to the countenance, and hilliancy to the eye. Authors or editors should never be willoud a supply of Peters' Cordial Lozenges, for they correct weariness of the brain, diversify the fancies, and begat activities. as the former Cashier. We understand that the redemption of the notes of the Ockmulgee Bank in this city has ceased. The Bank has passed into the bands of the Western Railroad, and a Mr. Breese appointed Cashier in place of Wm. B. Johnston, Esq. The Washington Mutual Insurance Company have declared a dividend of thirty per cent. on the old Stock of the

Company payable on demand.

The Secretary of the Treasury we learn, when the authorized agent of the State of Indiana applied for the portion of the land money belonging to that State, politely in, formed him that it could not be paid, inasmuch as the State was indebted to the United States, and it would be applied to that indebtedness. Rather a disappointment for Indiana. The Sangamon Journal says, an attempt was made to procure an injunction some three weeks ago on the State Bank of Illinois, which was refused by Judge Treat. An effort was subsequently made by some of the State Directors to

failed. The Bank is rapidly absorbing her circulation. Markets-Carefully reported for The Tribune.

FRIDAY, Nov. 25. ASHES-The demand for Pots continue very light at \$5 874, but at 5 75 there could be some sales made. A few bols were taken to-day at \$5.811, but there is generally 121c between buyers and sellers, and not much enquiry at any price. Pats are selling at \$5 25 and 5 371, according to tares, the very best only bringing the higher rate. The sales today are about 60 to 70 bbls. The bills out 250 bbls, receipts 150 bbls. During the three first weeks in November the receipts of Ashes at Buffalo were 1413 bbls.

COTTON-The gradual giving way of the market for the last few days is now fully equal to ic per lb. We now quote Upland at 71 a 71; fair Alabama and New-Orleans 8 a 84. This decline has brought shippers into market, and yesterday the sales reached 1200 bales, and to-day 600 to 800 bales.

FLOUR-The quantity for sale to-day is not large, and some Eastern buyers, who have been bolding off for somdays for a decline, having come into market the rate i something higher than yesterday. Genesee, good brands, cannot be bought less than \$4.50, and sales have been made at 4 564. Some of the large receivers will not sell even at the higher rate, as they anticipate a still greater improvement. There are buyers at \$4 50 on speculation, and seve ral thousand bbis. have been taken at that rate. Michigan and Ohio we quote \$4 50, although perhaps an occasional parcel may be found at 4 431. For Round Onio there is some demand without much supply. Troy is scarce and selling in retail lots at \$4.564. The market for Western closes firm with very little unsold. The stock in store, in all hands. is estimated at 150,000 bbls, about baif as large as last year at this time. We notice a sale of 672 bbls New-Orleans, out of store, at \$4 574. There is more offering at 4 50. There is a steady demand for Brandywine at \$4.75. Sales few hundred bbls in lots. Georgeto wn is held at 4 62j, but could perhaps be had a little lower. Richmond City \$5 75, with sales 700 bbls' Gallego,' for East Indies, at a decline on that prices Alexandria and Petersburg \$4 314 a 4374; New-York Mill 4 374 a 4 434. Brandywise hhds we now quote at \$13. cash, 13 50, 4 mos.

GRAIN-We bear of no sales of Wheat, and there is not a great deal offering in the market. A lot of prime is held at \$1. A good article would probably bring 89 a 90c. In Corn there is not a great deal doing, Eastern buyers not being numerous. We notice sales 4000 bushels new Mill River at 45, weight; 1000 do Old at 55. weight, with small lots Jer sey at 54 a 55c, and Ohio Canal at 52, measure. The cargo of Southern offering will, we learn, be sent to Providence. The market continues free of Barley. Last sales 48c. Rye is dull, distillers not being hungry just now. A sale of 2,500 bushels was made at 67c, a decline of 3c. There is more in market unsold. Oats are without change-27 a 28c, with rather a tendency to improve. Claiming the distinction of having been the first to project and abide by a strictly AMERICAN style of Hats, instead of servilely copying the Fashions of Europe, which are often unsuited to our climate and manners, he rejoices to perseive that others have seen fit to follow his lead, and that now the following of European Fashions in Hats is almost entirely abandoned by
